00:00:12 I copy that. According to one Charlie one he was not aware of any specific group of subjects individually, or in a trio that the investigator was looking for, or that he was aware they were looking for, and that if possible if they can get, law enforcement can get an IDM on them, and then let them go, but currently just to get the IDM for a location, and that would be it for not, but there was no time to deal with anything other than the IDM.
